

For 1200 years pilgrims have been walking the long journey to the shrine of Saint James in Santiago de Compostela. In 2019, 347,585 people did just that.

The reasons they walked and the routes they took were varied, but for each of them the pilgrimage began with a single step on one of the ancient dirt paths and ended in the Cathedral of Santiago de Compostela, located in a small city in northwestern Spain.

The Friends of the Anglican Centre in Santiago de Compostela, Inc. has an opportunity to be there for future pilgrims of all faiths and to meet them at the completion of this spiritual reawakening.

We are asking your help to purchase and renovate a historic building in the center of Santiago where we will be able to offer safe and affordable housing for individuals and church groups. We want to provide a place where they may ponder the effects of this life changing experience. We want to ensure they will return home, renewed, refreshed and equipped to continue on their individual pilgrimages of life.

Your prayers and support are requested for this venture. Please join me in giving generously to make the Anglican Centre in Santiago de Compostela a reality. Together, we have a rare opportunity to enrich the lives of generations of pilgrims who will come after us. Let us walk this journey together.

Nancy Mead
President, Board of Directors

We want to provide a place where pilgrims may ponder the effects of this life changing experience. We want to ensure they will return home, renewed, refreshed, and equipped to continue on their individual pilgrimages of life.

HOSPITALITY & WELCOME

- The Centre will provide space to accommodate retreats, lectures, and classes.
- The Anglican Centre will reflect the dual functions of providing hospitality to pilgrims and meeting the needs and expectations of organizers and attendees. A place where pilgrims can share and reflect on their spiritual journeys and life transformations. A place for hospitality and reflection – to refresh the body, mind, and spirit.

FORMATION & RETREAT

- The Centre will include a Chapel where clergy from various denominations can celebrate holy communion for their groups.
- Accommodations for youth and young adult parish groups.
- Clergy and others seeking sabbatical, or retreat will be able to stay for extended periods of time.
- We will offer classes rooted in the indigenous Spanish culture as well as the three religions Christianity, Judaism, and Islam that co-existed in medieval Spain.

HEALING & CELEBRATION

- The Centre will be a place of healing of traumatic experiences, healing of the body, healing of relationships, and a place of spiritual renewal.
- A place to celebrate anniversaries and to celebrate and deepen relationships with adult children and grandchildren.
